Thank you for consulting Sport England on the above application.

Sport England – Non Statutory Role and Policy

The Government, within their Planning Practice Guidance (Open Space, Sports and Recreation Facilities Section) advises Local Planning Authorities to consult Sport England on a wide range of applications. <https://www.gov.uk/guidance/open-space-sports-and-recreation-facilities-public-rights-of-way-and-local-green-space>.

Sport England assesses this type of application in line with its planning objectives and with the National Planning Policy Framework (NPPF). Sport England's planning objectives are to PROTECT existing facilities, ENHANCE the quality, accessibility and management of existing facilities, and to PROVIDE new facilities to meet demand. Sport England's Planning for Sport guidance can be found here: <https://www.sportengland.org/facilities-and-planning/planning-for-sport/planning-for-sport-guidance/>

Assessment against Sport England's Objectives and the NPPF

The application involves a section 73 application for a minor material amendment to outline planning permission S6/20151342/PP to seek approval for amendments to the parameter plans approved as part of the outline planning permission. Sport England has **no comments** to make on the amended parameter plans. If a new outline planning permission is issued it is **requested** that the section 106 agreement that forms part of the original outline planning permission is included as part of the planning permission as the agreement covers the matters that Sport England advised be addressed in the original scheme such as securing the King George V Land and indoor/outdoor sports facilities contributions.

Please contact me if you have any queries.

Yours sincerely,
