

This document is © Gardner Stewart Architects.  
 This drawing is to be read in conjunction with drawings prepared by the architects, structural engineers and service consultants and all other relevant details and information.  
 Any relevant or discrepancies must be reported immediately to the architect.  
 Do not scale: use figured dimensions only.  
 All dimensions must be verified by the main contractor before the commencement on site of any item of work or the preparation of shop drawings for their own work or that of sub-contractor or suppliers.

**REFUSE KEY**

-  Refuse dedicated areas in internal store rooms 3 (2x240l & 1x180l) bins per house
-  Resident drag distance to collection point
-  Refuse collection point for individual houses (on collection day only)
-  Refuse vehicle route

**REFUSE STRATEGY NOTES**

**Road adoption and refuse collection strategy TBC.**

Refuse strategy assumes that residents bring refuse to the front of their property on collection days.

Each dwelling to have a paved area in the store room to accommodate refuse containers supplied by LA.

All homes have direct access to bin stores, without the need to go through the dwelling.
