RECEIVED

Dear Mr Silcock

Location: Bio-Park, Broadwater Road, Welwyn Garden City
Description:- Erection of two storey building for employment

I have looked at the plans of the proposed development and read the background documents. We would not have any major concerns regarding security issues.

It would be most advantageous if the building could be built to and accredited within the Secured by Design criteria.

I would welcome the opportunity to work with the architect on this project and as such offer my services accordingly.

Yours sincerely
