

Comment for planning application

S6/2015/1342/PP

Application Number	<input type="text" value="S6/2015/1342/PP"/>
Location	<input type="text" value="Land to the north east of King George V Playing Fields, Northaw Road East, Cuffley, Hertfordshire, EN6 4RD"/>
Proposal	<input type="text" value="Outline planning application for residential development of up to 121 dwellings, associated infrastructure and a change of use from agricultural land to an extension of the King George V playing field. All matters reserved except for new vehicular access to serve the site, the provision of surface water discharge points and the levels of development platforms"/>
Case Officer	<input type="text" value="Mr Mark Peacock"/>
Organisation Name	<input type="text" value=""/>
Address	<input type="text" value=""/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="I object to this application as there isn't enough infrastructure to cope with this size of development. The traffic to get out of Botany Bay already can Take upto 25 minutes during term time and getting back into Cuffley takes 25 mins from Botany Bay with queuing traffic all the way on cattlegate Road and then it continues on northaw road east to the Cuffley high street. There aren't enough schools to cope with this many families and also Cuffley had so much beautiful green belt and whilst I was in the king George fields and at the weekend I thought it would be very sad to start building up this beautiful area. The area cannot cope with the kind of traffic this development could Bring and it could bring down the area, as there aren't any flats in Cuffley other than those on and off the Cuffley high street. The area is also suffering from a blocked gulley issue on northaw road east and my garden has an issue as it's completely waterlogged and could be from stream water"/>
