Subject: UPDATED RESPONSE S6/2015/1342/PP-Land to the north east of King George Playing Fields Northaw Road East Cuffley

**** WARNING: This email originated outside the WHBC Network. Please be extra vigilant when opening attachments or clicking links ****

Good afternoon Mark

Further to our recent communication in respect of the above planning application, please see below an **AMENDED UPDATED RESPONSE**

You may be aware that Hertfordshire County Council Cabinet approved the Guide to Infrastructure Contributions on 12 July 2021. It is intended that responses received after this date will align with the methodology set out within the new Guide.

However in this instance as this is a re-consultation on an existing planning application HCC consider it reasonable to continue with the previous approach with the expectation that the application should be determined within the statutory timeframes or HCC reserve the right to reassess using the new approach.

Response by HCC's Growth & Infrastructure Unit to Application Reference: S6/2015/1342/PP

Proposed development at: Land to the north east of King George V Playing Fields, Northaw Road East, Cuffley, Hertfordshire, EN6 4RD

Proposal: Outline planning application for residential development of up to 121 dwellings, associated infrastructure and a change of use from agricultural land to an extension of the King George V playing field. All matters reserved except for new vehicular access to serve the site, the provision of surface water discharge points and the levels of development platforms

I am writing in respect of planning obligations sought towards education, library and youth services to minimise the impact of development on Hertfordshire County Council Services for the local community. In the absence of an exact development mix, financial contributions for the 121 dwellings has been based on the same mix as our previous response (see table below).

HOUSES		
Tenure	A) Affordable Rent	B) Open market & Intermediate
Number of bedrooms		
1	8	9
2	21	26
3	4	32
4	4	17
5 +	0	0
Total	37	84

PLEASE NOTE: If the exact tenure or mix of dwellings is known , please notify us immediately as this may alter the contributions sought

Financial contributions and projects sought are;

- **Primary Education** towards the expansion of Woodside Primary School from 1FE to 2FE **£259,099** (contribution is based on Table 2 below index linked to PUBSEC 175)
- **Nursery Education** towards the provision of bursary places within Cuffley **£37,285** (contribution is based on Table 2 below index linked to PUBSEC 175)
- **Library Service** towards Cuffley Library **£18,576** (contribution is based on Table 2 below index linked to PUBSEC 175)
- **Youth Service** towards the Waltham Cross Young People's Centre or its future re-provision **£3,976** (contribution is based on Table 2 below index linked to PUBSEC 175)

The CIL Regulations discourage the use of formulae to calculate contributions however, the County Council is not able to adopt a CIL charge itself. Accordingly, in areas where a CIL charge has not been introduced to date, planning obligations in their restricted form are the only route to address the impact of a development. In instances where a development is not large enough to require on site provision but is large enough to generate an impact on a particular service, an evidenced mechanism is needed to form the basis of any planning obligation sought. HCC views the calculations and figures set out within the Toolkit as appropriate base costs for the obligations sought in this instance.

HCC's standard approach is to request Table 2 of the Toolkit (below) is referred to and included within any Section 106 deed. This approach provides the certainty of identified contribution figures with the flexibility for an applicant/developer to amend the dwelling mix at a later stage and the financial contribution to be calculated accordingly. This ensures the contributions remain appropriate to the development and thereby meet the third test of Regulation 122 of the Community Infrastructure Levy Regulations 2010 (amended 2019): "fairly and reasonably relates in scale and kind to the development".

Table 2: Hertfordshire County Council Services planning obligations contributions table

Bedrooms*	1	2	3	4	5+	1	2	3
	HOUSES					FLATS		
	Market & other					Market & other		
Primary education	£231	£1,036	£2,469	£3,721	£4,692	£93	£816	£1,392
nursery education	£35	£175	£340	£459	£545	£32	£195	£270
Youth facilities	£6	£16	£50	£82	£105	£3	£13	£41
Library facilities	£98	£147	£198	£241	£265	£77	£129	£164
	HOUSES					FLATS		
	Social Rent					Social Rent		
Primary education	£247	£2,391	£3,860	£5,048	£5,673	£44	£1,167	£2,524
nursery education	£39	£453	£475	£503	£955	£9	£216	£313
Youth facilities	£2	£8	£31	£51	£55	£1	£6	£21
Library facilities	£48	£91	£130	£156	£155	£38	£82	£107

*uses an assumed relationship between bedrooms and habitable rooms

Please note that current service information for the local area may change over time and projects to improve capacity may evolve. This may potentially mean a contribution towards other services could be required at the time any application is received in respect of this site.

Justification

The above figures have been calculated using the amounts and approach set out within the Planning Obligations Guidance - Toolkit for Hertfordshire (Hertfordshire County Council's requirements) document, which was approved by Hertfordshire County Council's Cabinet Panel on 21 January 2008 and is available via the following link: www.hertfordshire.gov.uk/planningobligationstoolkit

In respect of Regulation 122 of the CIL Regulations 2010 (amended 2019), the planning obligations sought from this proposal are:

(i) Necessary to make the development acceptable in planning terms.

Recognition that contributions should be made to mitigate the impact of development are set out in planning related policy documents. The NPPF states "Local planning authorities should consider whether otherwise unacceptable development could be made acceptable through the use of conditions or planning obligations." Conditions cannot be used cover the payment of financial contributions to mitigate the impact of a development (Circular 11/95: Use of conditions in planning permission, paragraph 83). In addition, for education requirements, paragraph 94 of Section 8 of the NPPF states: " It is important that a sufficient choice of school places is available to meet the needs of existing and new communities. Local planning authorities should take a proactive, positive and collaborative approach to meeting this requirement, and to development that will widen choice in education."

The development plan background supports the provision of planning contributions. The provision of community facilities is a matter that is relevant to planning. The contributions sought will ensure that additional needs brought on by the development are met.

(ii) Directly related to the development;

The occupiers of new residential developments will have an additional impact upon local services. The financial contributions sought towards the above services are based on the size, type and tenure of the individual dwellings comprising this development following consultation with the Service providers and will only be used towards services and facilities serving the locality of the proposed development and therefore, for the benefit of the development's occupants.

(iii) Fairly and reasonably related in scale and kind to the development.

The above financial contributions have been calculated according to the size, type and tenure of each individual dwelling comprising the proposed development (based on the person yield).

I would be grateful if you would keep me informed about the progress of this application so that either instruction for a planning obligation can be given promptly if your authority is minded to grant consent or, in the event of an appeal, information can be submitted in support of the requested financial contributions and provisions.

Kind regards

Sarah
