Subject: Outline planning application (number S6/2015/1342/PP) - development of up to 121 dwellings on King George V playing fields, Cuffley

Dear Sirs, I wish to object to the above application. This application is premature since it involves the construction of a substantial number of dwellings on Green Belt land. Whether there are exceptional circumstances to justify releasing this land from the Green Belt is a matter to be considered as part of the Local Plan process. Until that process has been concluded, it is inappropriate to consider any development of this land.

Please acknowledge receipt of this email and confirm that my objection will be taken into account.

Robert Vale

88 Brookside Crescent, Cuffley, EN6 4QJ
