Dear Sir.

I can only repeat my earlier comments.

The development is proposed on Metropolitan Green belt land, if permitted it would exacerbate the already severe traffic congestion into and out of Cuffley at rush hours. Moreover the residents of the properties would need to be sufferers of acute anosmia if their lives were not to be blighted by the stench from the nearby, about 300 metres or so away from, Cattlegate composter.

Yours faithfully,

D.H.Davis
