Subject: Welwyn Hatfield Council Online Planning - Comment

Comment: As with the other developments I cannot understand why they are still coming thick and fast. It makes no sense at all. It's the same old story, the infrastructure is simple not able to cope. This road is blocked up all the way from the Ridgeway in Enfield to Goffs Lane in Goffs Oak. The roads cannot handle it and it's turning Cuffley Village and Goffs Oak Village into nothing more than a traffic jam. Please use common sense and build where the roads can handle it. We all know there's a housing shortage but don't try and fix one issue by creating another.
