Dear James

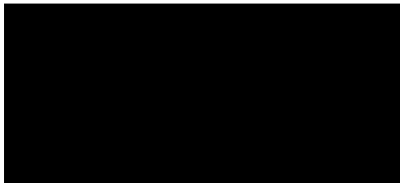

Land at the rear of 29 Broadwater Road, Welwyn Garden City

I am sorry that I have to write to you however it has been brought to our attention that some of the roots from the trees on the strip of landscaping between our car park and the land owned by your company are lifting the brick pavers in our car park significantly, which is not only a trip hazard, but also has the potential to cause further damage if not rectified.

I would like the opportunity of discussing this with you once you have had the opportunity to inspect the damage firsthand. If you require access to our car park then please contact our Building Manager, John Ford on [REDACTED] who will be happy to show you.

Kind regards

Yours sincerely

Ian Stone
