January 5th 2012.

Dear Sir.

Thank you for the letter received today regarding the Planning Meeting at Campus West on the 11th January 2012.

I would very much like to attend this meeting as I am very concerned about the impact of a Big Supermarket on the Shredded Wheat site would have on the Town Centre.

Also the amount of traffic this would cause, its bad enough now.

I do not wish to speak as I do not think my voice would carry very well and I am sure there are much better people than me who can put our feelings across.

when I say our I mean the many members of
the Welwyn Garden City Society and the Chamber
of Commerce.
we've now got ~~at~~ a huge new Sainsbury's
We do not need another superstore.

yo
