RECEIVED

Dear Welwyn/Hatfield Council,

Referring to proposals for the regeneration of the broadwater road site due to illness my wife and I was unable to attend the meeting on 11/1/12

However we still support the proposals and urge you to give this approval to Tesco as My Wife and I are both unemployed and this would bring more possible jobs in the area which could do with improving as they not much opportunities at this present time?

We also desperately need a new swimming pool in this area to replace the one you had Stanborough?

Do not let us down!
