Comment: I am very concerned that the creation of a large retail presence on the east side of our town will detract from the current retail facilities focussed within the town centre. May I urge the Council to reject this application, and with-hold the integrity of this special place where I am proud to live. For those with cars, we have plenty of choice regarding supermarkets already and there can be no justification for creating and additional one when its 'sister' operates at nearby Hatfield. I worry about the additional traffic this site will generate for an area which I would wish to remain true to Ebenezer Howard's original vision.
