To Planning Department

Dear Sirs,

Shredded Wheat Site

I was not able to be present at the recent public meeting but want to add my comments on the Tesco idea.

The town plan was always that the centre should be where it is, and no way should it be diminished by any redevelopment to include a supermarket by Tesco. When the very large Sainsbury store is completed we shall have ample facilities already, as there is also the larger Waitrose. To try and compete with these excellent

Stores would be detrimental in the extreme.

Tesco knew this when they bought the site. Let them sell it again to developers who will build homes swimming pool, doctors' surgery etc. petrol station with perhaps a little shop attached.

Please do not give planning permission to include a supermarket.

Yours faithfully

[REDACTED]  
Resident since 1924.
