Dear Sirs,

As a resident of Wetwyn Garden City I wish to register objection to the above proposal.

Having lived in the town since 1956 and seen many changes take place. Good as well as bad.

It is my opinion that to entertain Tesco in whatever guise would be detrimental to the town. We already have Waitrose, Sainsbury, Morrisons also the Coop. All of which have served the town and surrounding area very nicely. What would the local smaller shops, such as Woodhall, do to overcome an already threatened existence!

The chaos caused in Broadwater Road with extra traffic would be unbearable.

I sincerely hope that common sense will prevail giving the townspeople a chance to air their views in preventing a catastrophe. Yours,
