Comment: I would like to object to this proposal on the basis that it appears to go against the ethos of the design of the Garden city. WGC is unique, and allowing this proposed development to proceed would in my view end up making WGC like any other town or city. In addition, with the building of the new Sainsbury store, plus the waitrose store, plus Morrisons, there are already plenty of retail stores available, and Tesco also has a very large superstore at oldings corner. It is importnat to maintain the Garden City ethos. I also do not acct that some of the proposals made by Tesco as an inducement are feasible. they cannot say that a swimming pool will be built, as its not them who will build this. I suspect that what will happen if this proposal succeeds is a new Tesco store, and just a proposal to build all he other things, but which will never proceed.
