Subject: Tesco redevelopment Ref N6/2010/2055/MA

I fully support the plans for Tesco to regenerate the old Shredded Wheat site. Unlike most people currently residing in this area, I was born and raised here, as was my daughter. I learnt to swim at Stanborough, as did my daughter. We are in deperate need of a pool here - I would like nothing better than to be able to stroll into town for a swim - a lot of us do not drive and therefore the hassle of bussing to Hatfield (an area and pool I loathe in anycase and I DO NOT agree with being "twinned" with Hatfield either, we need our own facilities as we have always had in the past), with all your swim gear is not an option. Furthermore, the plans I have seen are very impressive and would certainly make a very nice area for a town that is becoming an industrial landscape. I do not feel the opposition to these plans has any valid, genuine reason - a bunch of old fogeys who have nothing better to do than oppose ANY new plans - and it which would certainly improve that particular area. I also do not believe that they would affect the prosperity of this town, quite the contrary, they would generate jobs for people in the area who are currently unemployed due to redundancy, etc.

The sooner this project gets under way, the better!!
