Comment: I don't think this development is good for the character of WGC.

It will generate lots of traffic.

It is likely to make air quality worse.

It is not necessary to have another supermarket in the area.

It will create noise.

It will pull shoppers from both central WGC as well as other small shopping areas. I'm new to the area and really value the small shopping streets we have in Woodhall and Hall Grove. I think a Tesco will draw people away from these shops to the detriment of the community and the businesses.
