Comment Type: Object  
Comment: Excessive traffic and congestion in and around Broadwater road. Traffic will be stationery on bridge road east, campus west and digswell road and most approach roads with huge increase in car movements from proposed developement by TESCO's. Existing Shopping facilities are more theN adequate ie New refurbished Sainsbury store, existing Waitrose and M&S plus morrisions in and near the proposed site. Risk that existing leisure offers will have to shut down such as Gosling centre and Hatfield swim centre. Town centre will be shifted and dived and cause some stores to close as they cannot fairly compete with TESCO discounted products and services.
