Dear Mrs Bromley,

kidge.elder@ntlworld.com

Re: The Tesco Development Plans

The Broadwater Road site has already been designated for development excluding retail outlets. This is enough to reject these plans.

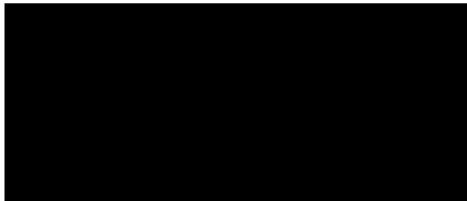

The excessively large number of Tesco stores within the immediate region, demonstrates that there is a severe danger of 'over-trading', this is cause enough to reject these plans.

It is a completely inappropriate place for Tesco's to think of locating an internet type distribution centre. The traffic complications are being ignored. This is a town centre location. A dot.com type outlet would be suitable at their depot in south Hatfield.

If necessary we, the people and the Council, must face up to the need to act in the long term interests of the city, even if that means countering a Tesco appeal. The costs will be worth it.

Please advise me of the date when this application will be heard and register that I wish to speak against these plans.

Yours sincerely,

Kidge Elder.
