Tracy,

I was not quite sure where to send this but I guess you could say it is a consultation response and should not be ignored. Please forward elsewhere if you think appropriate.

To whom it may concern,

Firstly, I would like to sincerely apologise if I have sent this to the wrong department. If you could please forward this to the relevant department this would be most appreciated.

I recently received a letter through the post encouraging me to sign up for a petition to block Tesco entering WGC. Can I just say, as a resident of WGC I am strongly in disagreement with this petition. I speak with many people in WGC and many suggest they would like to see Tesco entering our town. Not only will it create more of a social scene (by having the leisure park), it will also increase competition which will drive down prices, furthermore it will create more jobs in a time when our economy is struggling so severely.

I would just like to highlight that although many may sign the petition there are many of us out there who have not been brainwashed by the sheet of negativity towards Tesco which has been posted through people's door. If people do not want Tesco they won't shop there and it will simply close down in due course.

Thank you for taking the time to read this email, I hope it finds you well.

Kind Regards
