Comment: I object to this planning application.

There is already sufficient provision for super market shopping within Welwyn Garden City. The store in this application is far too large and is designed to attract shoppers arriving by car, over loading the local roads. Predestrian access is limited to the crumbling railway bridge, this will give us a split town centre.

I welcome development of the Broadwater site, but another large supermarket is not right.

A commercial access road running through the centre of a park is most dangerous
