Comment: I object to the proposals because I believe that the town does not need such a large additional retail space in this location. The provision would be detrimental to existing facilities in the town centre and local shopping areas such as Woodhall and Hall Grove. I consider that there should be a redevelopment plan for the whole area, including adjacent areas not owned by the applicant, and that this plan should be in accordance with the Council's existing land use plans, with the ethos and heritage of the Garden City, and with the need to maintain a healthy town centre and local community areas.
