Comment: i object to this planning application on the grounds listed ~~it will~~ have a harmful effect on the existin town centre and to local shops in the area. it is not in keeping with the ethos of the garden city. it will have a harmful effect on the air quality in the vicinity of the site with an increase of traffic in the area, which is congested at the moment. pedestrian access from the town centre would be inadequate across a very small and old bridge. i cannot see the need for another supermarket when we have one at oldings and a new store being built in the town centre.
