Comment: I am all for the proposal of these services and facilites. I have a family of young children, we don't own a car and we have to rely on public transport to go to other towns like stevenage of hatfield for entertainment or swimming facilites. we have to rely on delivery of food groceries on large shopping amounts and having a tesco store closer to us would please me greatly for the simple fact it would save me on delivery charges alone.
welwyn garden city has become a haven for coffee shops, charity shops and pizza outlets!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!
