Dear Sir

Ref N6/2013/1938/MA

I would like to object most strongly against the proposed design for the extension to the Council Offices. A glass fronted extension does not fit in with the Planning Departments requirement that any extension to an existing building should respect the materials and setting and be subservient to the existing building. I would be most interested to receive your Planning Departments comments.

Yours faithfully

Gordon D Wilson (12 Coneydale WGC AL8 7RZ)
