Welwyn Garden City,  
Herts AL7 1DW

3 October 2013

Dear Sir/Madam

Ref: Council Office Extension reference N6/2013/1938/MA

I wish to object to this proposed Council

Office Extension on the following grounds:-

1. It does not fulfill the Council Planning Department's own criteria that extensions should respect the materials and setting and be subservient to the existing buildings, within the Conservation area.
2. Externally it introduces an alien (and run-of-the-mill) concept into one of our iconic Garden City buildings.
3. The cramped interior layout would have high energy consumption and running costs.
4. The due processes that the Council uses for everyone else for a Planning Application have been totally ignored, and the electorate kept in ignorance. The public should be properly informed and invited to consider and comment on this Planning Application and a review set up.

Yours faithfully,

Jennifer Pitman

The Planning Dept.
