Subject: PLANNING OBJECTION

27 Oct 2013

Sir,

re: Planning Application - Council Office extension - N6/2013/1938/MA

We object to this application on the following grounds :-

1. The Planning Department has not followed its own criteria in respect of the conservation area, which clearly states that any extension should respect the materials and be subservant to the existing building. This extension clearly is in breach of this criteria.
2. The interior plan, as indicated, is not fit for purpose.
3. The existing council offices are an award-winning design and any extension should reflect this. A towering angled glass mass does not do this.

We trust that this objection is duly noted and acted upon with a full review.
