Council Office Extension N6/2013/1938/MA

I wish to register my objection to the above on the basis of the following points

- It breaks the Council's own policies in the Conservation area
- Failure to respect the materials and setting
- It is not subservient to the existing building
- It is not in accord with the ethos of the Town
- The proposed design shows little respect for the context, materials and setting
- The entire concept is out of context and sympathy with the original.

I believe that the Council's action in passing these plans without proper consultation both unfair and an abuse of process.
