Welwyn Garden City AL8 6AE

Council Office Extension  
Ref: N6/2013/1938/MA

Dear Sir

My wife and I wish to object most strongly to the Council Office extension proposed under the reference above.

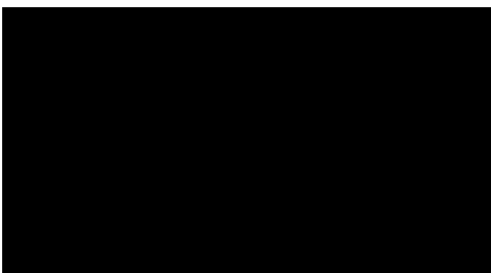

We find it particularly unacceptable that money has even been spent on creating an architectural design that is totally out of keeping with the traditions and ambience of Welwyn Garden City, never mind the way it is being rushed through as if you know full well, that there would be wide disapproval of the result.

It is exactly the type of design that any resident or business in the centre of Welwyn Garden City - who applied for planning permission - would find that application instantly dismissed. It appears that therefore there is one rule for the Council and another which applies to residents or businesses. This is grossly unfair and unjust.

With respect to the design, we find it unbelievable that architects should have been instructed in such a way that creates a building showing little respect for the context, materials, proportions or scale of the original building.

Please would you register our objection and do your best to make sure that the whole project is reviewed or preferably cancelled altogether.

Yours faithfully

David and Jenny Buck
