Dear Mr. Beckerman,

Please see

the attached copy of our  
email setting out our  
objection to the proposed  
Council Office extension  
which is totally out  
of keeping with the existing  
building + quite unsuitable  
in a conservation area.

It appears that the planning  
rules applied to local  
people have no relevance  
to the Council itself.  
Yours sincerely

SD

We are writing to you as our local councillor because we object to the above planning application.

It does not comply with council's own conservation area guidelines.

The exterior is not in keeping with the design of original award winning building.

We understand that this project is being rushed through with very little consultation. This is a recipe for bad planning and cost overruns which could result in considerable extra financial burden on local tax payers.
