Dear Tony Skottone,

Not sure if you are still our rep. (see above address) but wish to object to the proposed Council Office extension for the following reasons: -

1. Totally out of character with original building.
2. Violates existing policies in the conservation area.
3. Doesn't seem fit for purpose.
4. What consultation?

High handed behaviour from W.G.C. Council who seem to have a policy of breaking the rules when it suits them whilst adhering to them (quite rightly) for the rest of us!

The Garden City has a record of good design, please

DTD

Continue to reflect its character when
you represent it on the Dev. Management
Ctee & try to get us a better
design for new Council Offices.

We don't want another expensive
fiasco do we?

Kind regards

J [REDACTED] S.
