Comment: I have been made aware of the proposed extension to the rear of the Council Offices and I am frankly amazed at such a proposal which is totally out of keeping with the existing building. For a council, who rightly keep a strict control on plans and buildings in the area, to propose building such a monstrosity which is totally out of keeping with the area, I find astonishing. A glass extension on a brick building does not work and if I had tried to get such an extension approved for my home it, quite rightly would have been rejected by your planning authority.
