Comment: As a retired architect and long-term resident of WGC, I am appalled by the lack of adherence to the principles of the current Planning legislation. The short-termism and corner-cutting by the Council's officers set a very poor example to those wishing to undertake appropriate development in the town centre.

The quality of the design is poor and wholly inappropriate to the location and adjacent structures. The lack of visitor car parking will make the facility practically unusable - one has only to look at the car park at the existing offices to understand this.
