Dear Sirs

Thank you for notifying me of the amended drawings in respect of the above application. The letter is dated 1st November and from the advice included it gives me 21 days in which to reply or put my comments. As I understand or am lead to believe this particular application is going before the planning committee tonight, **ONLY 6 DAYS FROM THE DATE OF THE LETTER**, Not giving sufficient time for anyone to formally reply or comment is surely wrong. Thank goodness for emails, at least it, gives me and my friend Miss L Gallie an opportunity to reply in time I hope.

Having looked at the amended drawings, there seems to be no major alterations from that original scheme submitted, it still looks like a greenhouse. We would therefore wish our original comments to stand.

Yours faithfully

Maurice Davies
