Comment Type: Object

Comment: I object to the amended plans for the following reasons.

1. All my objections to the original submission still apply.
2. The amended design is no improvement on the original.
3. The design is unimaginative and crude.
4. The monolithic block is unrelated to the existing eaves line.
5. The extension is quite out of scale with the existing buildings, and out of keeping with the more intimate architectural character of the existing.
6. The Council Chamber Entrance is pompous and banal.
7. The accommodation is cramped yet still does not meet requirements.
8. The proposals are quite inappropriate for the Conservation Area, and break the Council's own rules.

The amended plans should be rejected, and a more appropriate and sympathetic solution found, appointing new architects if necessary.
