PLANNING
DEPARTMENT

RECEIVED

Application Number: N6/2013/1938/MA
Name: DAVID HUMPHREYS
Address: 33 HIGH OAKS ROAD, WGC
Comment Type: Object

Comment: The amended design is still completely incompatible with the ethos of the Garden City, It bears no relationship to the standards and principles that the Council is supposed to uphold in relation to the Conservation Area. It is as if the Council has one rule for residents ad another for itself.

There can be no need for such a grand entrance to the rear extension of the Council offices, and there is no apparent reason why the facade cannot match that of the existing building.

Apart from the standard requirement for notice under planning legislation, there does not appear to have been any consultation with the public.

Finally, it is not for residents to tell the Council how it should comply with its own Conservation Area policies - it is for the Council to ensure that its plans are fully in accordance with those policies, or to explain clearly why an exception must be made.
