Dear Dis Thomson,

re Council Office Extension

ref N6/2013/1938/MA

I strongly object to the inappropriate development in a prestigious conservation area.

1. The exterior of the proposed offices does not respect the scale, design & materials of the original building, facing the Campus
2. The council's processing of its own planning application with such speed and without any consultation is unbelievable. In this day & age it is to be expected that a public body is open and honest. This is certainly not the case with this Council's development plans.

Yours faithfully,
