Dear Fiona

Council Office Extension Ref. N6/2013/1938/MA

Dear Fiona,

I wish to register my objection to the proposed design for the extension of the Council Offices on the Campus on the grounds of a failure by the Council to adhere their own rules on conservation and to maintain the Garden City architectural standards.

Although the extension would be at the rear of the existing building, the proposed exterior would be very visible and dominate the three storey wings on either side. The design is not compatible with the original building in materials, context or scale.

Yours faithfully,

Judith Claxton
