Comment: The scales of the various online and photocopied plans are different but, apart from the notes &quot;new copping stone parapet&quot;; there doesn't appear to be any other change from the previous submission. Therefore, I refer the Council to the comments I made then (sent on 26.11.13) re the negative impact on my property of the proposed increase in height and length of the rear part of the extension relative to the present wall, ie, a more overbearing structure leading to loss of light, an adverse effect on the the view from my lounge and garden and removal of some hedging.
