Dear Mr Trigg,

ADDRESS: 11 Roundwood Drive, Welwyn Garden City AL6 9PH

**Re: Non material amendment following approval of planning permission N6/2013/1856/FP -
Additional rooflight on the rear roofslope, removal of one rooflight on side
elevation of rear gable, internal alteration to second floor from proposed bedroom,
ensuite and store to a playroom and store. Removal of low profile rooflight above
single storey rear extension and proposed reduction in depth of parapet wall
above side extension along western elevation.**

Thank you for your non-material amendment request received on 8 April 2014.

The proposed amendment would not detrimentally impact on the overall character of the dwelling or detrimentally impact on the residential amenity of adjoining dwelling from what has already been approved under planning application N6/2013/1856/FP.

I can therefore confirm that your request for a non material amendment has been GRANTED. For the avoidance of doubt, the approved drawing is now AT445-01B & AT445-04C & AT445-05C received and dated 8 April 2014 superseding AT445-01A & AT445-04A & AT445-05A received and dated 15 October 2013.

Yours sincerely,

Jackie Phillips
Planning Officer
