Hi Andy

Please can you update the file with the attached amended Site Location Plan received today. This supersedes drawing 1967-D1100-rev00.

The reason for superseding drawing 1967-D1100-rev00 is that it showed a route for the pipeline which was inconsistent with the route shown within the Arboricultural Impact Assessment and Tree Reference Plan.

Presumably this will need to be circulated as a late rep.

Kind regards

**Mark Peacock BA (Hons) MSc**

Mark  
Amended drawing as discussed.

I have today served notice on network rail as required; please could you ask your admin team to send me a blank Certificate B to fill in and I will get this straight back to you.

Many thanks  
Kind Regards  
Nigel

Nigel,

Pipework drawing as discussed. Let me know if it needs tweaking or any further information.

Regards,

Tim
