Dear Mr. Haigh

Re: Application Reference 6/2016/2694/EM

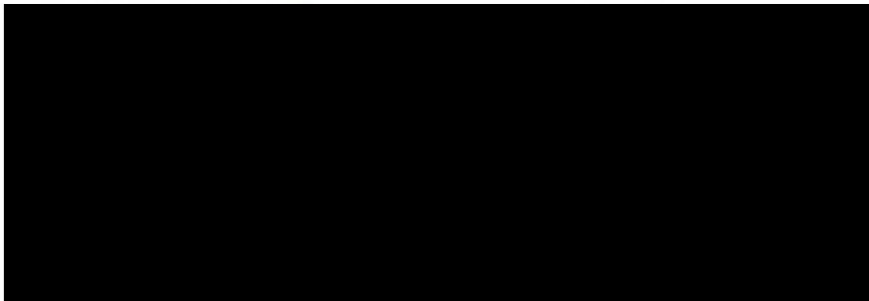

I have, together with Mrs. Spivey of no: 5, been to look at the garage doors in question at the invitation of Mr. Ilett.

The doors are painted metal in a brown oak-effect colour. I do not feel that doors of this nature fit in with the other garage doors in the Close, which are principally white.

I am surprised that Mr. Ilett did not get planning permission for such doors before purchasing them.

You will know that my neighbour Mr. Kaye, then living at no:1 had to change the colour of his doors from brown to white in order to meet planning guidelines, and I think Mr. Ilett's doors fall into the same category.

Yours sincerely,

Gwyneth Radcliffe
