Comments	<input type="text" value="HI Lucy, Re: Replacement of steel window units- Fountain House-6/2017/2019/FULL This application is directly linked to 2 previous applicants for this site ? (6/2017/0400/FULL and 6/2017/1686/PN11) The replacement windows must be of suitable standard to deal with noise. As a result the applicant submitted an acoustic report under the above planning references. I want a condition written which will secure the specifications given by the acoustic consultant. This should read ? the applicant must ensure that the specifications for the replacement windows as described in the acoustic report ?AIRO report no: DJB/6982/F dated 31st May 2017 is implemented and that confirmation by way of certification is issued to the local planning authority prior to occupation of the units concerned?.
