Comments	<input type="text" value="I consider this application to be at odds with the preservation of the character of Brookmans Avenue which is predominantly single family occupancy detached houses. The creation of 8 residences will significantly add to the amount of traffic with the associated noise that will bring. In addition, a building of this size will guarantee that residents in the immediate area will be impacted by a lengthy period of building work that, in itself, will add to the noise and inconvenience suffered by all the current residents of the Avenue."/>
