Head of Planning

Colin Haigh

The proposed development of 77 Brookmans Avenue. Application Ref 6/2018/1996/FULL IS in my opinion totally out of character with the other properties in the Road . It will have an adverse effect on the entire Avenue. This is a family area and should remain that way . In my opinion this is a totally money making operation with no thought for the residents living in the area .We want to keep this Avenue in keeping with a village feel for all.

My wife and I have lived here for over years in this Road and brought up and feel some people are trying to destroy the village / family environment here . We strongly hope this application is rejected and we can keep Brookmans Park as a Gem of a village Yours faithfully Brian and Sandra Talbot
