**Importance:** High

Dear Sir/Madam,

I am a resident of Brookmans Avenue, a road that prides for its residential style and tradition.

It just came to my attention that there is an application put forward (see reference above) for the redevelopment of 77 Brookmans avenue in to a block of eight flats.

While I welcome and celebrate the efforts of the residents (existing and new) of the Avenue in renovating or rebuilding their homes in line with the style (single family dwellings) and character of the road, **I absolutely and categorically reject and object** to the idea of allowing people in erecting blocks of flats in the middle of the Avenue. Not only it will considerably change the character and ethos of the avenue, it will also have an impact on the whole character of the village.

I truly hope that our voice will be heard and taken into consideration by the appropriate decision body for this application.

With kindest regards

Professor P A Kyriacou
