Dear Sir/Madam

As a resident(s) of 31 Brookmans Avenue, we are totally against the idea of the plans that have been submitted for the redevelopment of 77 Brookmans Avenue (Ref No.6/2018/1996/FULL)

Firstly, if the council allow these flats to be developed we are losing the character of our road and our beautiful Village – which is the main reason myself, and I'm sure many other people moved to this part of the world in the first place! We **CANNOT** allow a block of flat to be developed in the middle of such a lovely road - Not to mention all the destruction works would cause to the road (before, during and after!!!) as well as all the disturbance it would cause to local residents and their daily lives.

This could have an awful, long term impact on such a lovely area – please do not allow this redevelopment to take place.

In regards to all mentioned above. I speak for Both myself at No 15 Brookmans Avenue and my Parents at No.15 Brookmans Avenue.

Regards

**Angela O'Connor**
