PLANNING

56, Bridge Road
Welwyn Garden City,
Herts.
AL8 6UR.

9-5-2019

Dear Sir

concerning the planning application for 54, Bridge Rd Welwyn Garden City, AL8 6UR. I understand from the site plans Ref. 6/2019/0900/EM that the existing large wooden gates at the side of the property leading onto the Public Footpath are again included in the plans. On the previous plans submitted for 52/54 Bridge Road these gates were rejected to be in use by the Public Footpath and Bridleways Dept. Our concern is that these gates will be used for deliveries etc to the building site. Our other concern

is the ² parking of the
workman's vehicles on the
public footpath which has
been occurring for the past
two years relevant to the
development of S2, Bridge Rd.
thereby restricting access to
our drive and property. The
footpath is used constantly

walkers along the Ayot Green
walkway.

Yours faithfully,
