Comments	<input type="text" value="Thank you for consulting Hertfordshire Gardens Trust, a member of the Gardens Trust
Welwyn Garden City has the best preserved Garden City centre in Britain with street scenes, views and frontages still largely intact, reflecting Raymond Unwin's town planning ideas and de Soissons' vision for the Garden City We have studied these plans , both with regard to the original design ideas and the changes within the vicinity over the decades since this building on Stonehills was built. We have no objection to the proposed changes to the roof of the building which will alter the street scene, as these reflect changes to neighbouring buildings, nor to the change of use of the upper floors."/>
