Comments	<input type="text" value="The proposed development damages the aesthetic of the street, being completely out of kilter and completely different from every other building on the street. It should be red brick and white fenestration. I do not see the need for the grey in a street which is otherwise entirely red brick, white windows. I am wholly supportive of renovating the YMCA and creating a modern safe place for people to live, but the design needs to match its location."/>
